

Support from Glenroyd House, Consett

Glenroyd House, Consett, are doing a fantastic job supporting our local community at this time. Currently they are:

- Making deliveries of essential supplies and food to the local community as well as collecting prescriptions.
- Doing calls to people who are lonely so that they can keep in touch with the community at this time of isolation.
- Looking for food and personal hygiene donations to help sustain the foodbank.
- Getting creative by doing a rainbow window at across the front of the building - if people send in their pictures, they can make people smile at this bad time!

Their contact details for food and supplies are:
