

Statement from the Trustees

WONDERFUL NEWS REGARDING PURCHASING A MINIBUS

After years of fundraising by learners, staff, trustees, friends, family and local businesses, we have finally acquired a minibus!

We have purchased a Vauxhall Vivaro, this is a 9-seater minibus which will be delivered to us during the first week of May 2022.

To ensure that we also have wheelchair accessible transport for our learners, we have access to the local Community Minibus, based in Consett. This is a cost effective, reliable, tried and tested service that we have accessed on many occasions.

Transport will be invaluable, especially in the coming summer months allowing access to the local and wider community. This will enable us to facilitate participation in many exciting activities and experiences that will greatly benefit our learners.

A huge thank you to all who have contributed!
